WAG wit wonders: What makes you a gem?

PAMPAFIKOS

“My ability to empathize is one of my better qualities and what makes me a ‘gem.’ As a hotel entrepreneur, wife and mother of two (soon to be three), I am constantly exposed to many people from all walks of life. I believe in the importance of recognizing the successes and struggles of others and, to the best of my ability, trying to accommodate people wherever possible. ... When my employees know I will go the extra mile for them, they are more than willing to do the same for me.”
